2021 MEMBERSHIP DUES ARE PAYABLE NOW. Anyone not paid up by March 7 will be removed from the active roster and will no longer receive the newsletter or other club notifications. A big thank you to the 70+ members who have already paid their dues!

MARCH 2021

ANNUAL DUES

Individual Membership.....\$ 12.00

Family Membership\$ 18.00

(A family consists of people living in your household, at the same address)

Membership dues will be used to fund the Club, to pay for membership in the Rocky Mountain and American Federations. (\$1.50) per adult member and children over 12, and for liability insurance (\$.60 per member)

Membership dues are assessed on a calendar year basis and are due in January each year. You may either mail them to the club or pay them at an upcoming meeting. The mailing address is:

Prescott Gem and Mineral Club

PGMC Membership

P.O. Box 3923

Chino Valley, AZ. 86323

Makes checks payable to Prescott Gem and Mineral Club

Our monthly newsletter is emailed to our members. If you would like it physically mailed via USPS, the cost is \$24/year. Any questions on membership, please email Cris Trout at mrytrout@yahoo.com or stop by the membership table during the break at our monthly meeting.

Program Meetings: The club meets on the 1st Saturday of the month at 9:30 AM at the Moose Lodge at 6501 E. 6th Street in Prescott Valley, AZ. Lectures, slide shows, guest speakers and videos on a variety of subjects. Board Meetings are held at 4:45 PM at the workshop at 430 S. Montezuma Ave. Prescott. Be sure to verify meeting dates and times as occasionally dates and times change. Any questions, call President Jim Turner at 928-308-6535.

Future General Meeting Dates:

Dec 14, 2021

Anyone planning to attend a board meeting, please call Pres. Jim Turner 928-308-6535, to be sure to get on the agenda. Don't forget our **Show and Tell** opportunities. If you have an item or items that you would like to share with the entire club,

NEW MEMBERS – PRESCOTT GEM and MINERAL CLUB

PGMC sends out a huge welcome to all of our new members!!

MARK EDWARDS * STEVEN & DIANA KAMINSKI * CLAUDETTE OLIVER

Here's to many more years of continued rock hounding!!

YOU KNOW YOU'RE A ROCKHOUND IF.....

******You put a web page about rocks on the internet******

A MESSAGE FROM OUR PAST PRESIDENT!

With it looking like a strong possibility that the show in August will be going on, I would like to put it out there that we will be in need of someone to be in charge of the Kid's Corner as well as plenty of volunteers. I have been doing the Kid's Corner for the past few years and am still unsure I will be here in August for the show. Also, if for some reason I am here, it would be lovely to be able to volunteer in a different capacity this year! Just getting the word out now so you all can have it in your mind!

MARCH 2021

A MESSAGE FROM ONE OF OUR MEMBERS!

I am continuing my classes in beading, wire wrapping, and silversmithing and am always up for a challenge. I do not charge for any of my classes, just ask that you reimburse me the cost of any of my supplies that you may use. So, if you're looking for something to do that does not expose you to a lot of people, give me a call. I'm still sanitizing and masks can be worn.

928-533-4689

Thanks, Kathy

A VERY SPECIAL AWARD FOR A VERY SPECIAL PERSON

A "very well done" Lifetime Membership and Award was presented to Melanie Capps at our last general meeting. Truly, it was a pleasure to recognize her for all the time, work, dedication, coordination, and effort that she has put into making the Prescott Gem and Mineral Clubs' annual show a huge success!

A WORD OR THREE FROM OUR SHOW CHAIR

First of all, let me thank all of you for the recognition on my efforts to put together a gem show you could be proud of. As I said at the meeting, I couldn't have done it without you all. Your willingness to volunteer in every aspect of the show. The vendors say we have the best cooperation .from our members they have witnessed in the shows that they attend. So for that, I THANK YOU.

The vendors are getting excited and there isn't a day that goes by that I do not receive a few emails wanting to know how it is going. I let them know it is the works and looks promising, but will have more information later. I realize some need to make a living with their art, and will need to find other shows to round up if we can't have ours. So for me, I am optimistic that the show will go on.

Again, thank you for all the help you give me, and I am honored to have this recognition of my efforts.

Melanie - Show Chair

MARCH 2021

FOR SALE (OR WANTED!)

Use the column to let other club members know about the great stuff you have regrettably decided to sell. In other words, list whatever equipment or other paraphernalia, rock related only, you have for sale. Send your information to fluffierox@yahoo.com by NLT the 25th of the month for insertion into the newsletter

FLUORESCENT/BLACK LIGHTS FOR SALE

To purchase one of these light contact Bill Freese at bfreese77@cox.net

The 5 watt **short-wave** fixtures are \$120 for the basic model kit with ZWB3 glass, two inexpensive protected batteries and a charger and free phosphor sheets.

The **Premium model** kit includes: Hoya glass, two better batteries and free phosphor sheets for \$160

The **long-wave** flashlights are \$50 for the 4/2 watt or \$60 for the 6/3 watt

This flashlight is available in two versions: a 6-watt (grey body) version and a 3 watt (black body) version. Both lights use a high quality LG ultraviolet 365nm LED (LEUVA33U70RL00). They are a favorite among fluorescent gem, rock and mineral collectors for their portable size and excellent UV output.

The **S2+ 4-watt (black body)** is driven with forward current of 1050 mA, so the wattage is about 3.8-4, and the radiant flux is approximately 2W. The other 1.8 watts of energy is dissipated as heat.

The **S2+ 6-watt (gray body)** is driven with forward current of 1750 mA, so the wattage is about 6, and the radiant flux is approximately 3W. The other 3 watts of energy is dissipated as heat. This is approximately THREE TIMES the amount of UV as the original Convoy S2+ flashlight that had the Nichia LED. This LED is not only stronger, but more efficient.

The flashlight set comes with two 2,500 - 3,000 mAh Rechargeable Li-ION batteries and a simple-to-use Li-ION smart charger. The charger provides a safe charging rate of around 300 mA. The charger has fold away US style prongs, but it will operate on 100-240 volts AC and 43-63 hertz. It will take an hour or two to top off the battery after occasional use. If mostly discharged, the battery will need to charge for up to 12 hours. While the battery is charging the LED will be red. When the battery is fully charged, the LED turns a solid green and the battery should be removed from the charger.

\$70 for the C8 Convoy with 2 Rechargeable Li-ION batteries and charger

Our Convoy C8+ UV has several important differences from a standard Convoy C8 white light. It is custom-manufactured by Convoy exclusively for sale in the USA by William Gardner/Way Too Cool, LLC, and WTC dealers. This flashlight includes a ZWB2 filter glass pre-installed. It uses a high quality LG ultraviolet 365nm LED, the same one found in our [Convoy S2+ UV flashlights](#). The C8 has a 1500mA buck driver driven at 7.4VDC (when used with two RCR123A/16340 rechargeable batteries OR with two 18650 rechargeable batteries).

Testing shows that the C8 light is slightly more powerful than the Convoy 6/3 offered by Way Too Cool Dealers. This new flashlight appears to be brighter than the 6 watt Convoy S2+ UV flashlight because the reflector is larger and is shaped differently (and there is a larger filter glass). It is able to fluoresce a sample of Greenland fluorescent sodalite at a distance of approximately 80 feet. The light has a 1-3/4" diameter head and a polished reflector that focuses the UV output to an intense, but smooth "spot" with a range of 80 feet for finding specimens up close or quite far away. The intensity of the beam is strong enough to cause fluorescence in materials that do not fluoresce very well under the normal UV A tubes used in standard UV lamp fixtures.

Handheld UV Flashlight - \$25

Our newest model is an inexpensive unit that can use two different kinds of batteries. The Handheld UV Flashlight will operate with three (3) AAA batteries using the included holder. The light will also operate on a single 18650 lithium rechargeable battery. No batteries normally included.

Contributions for the Monthly Raffle

We are seeking unique or unusual rocks, specimens and lapidary jewelry for the monthly raffle. Actually, anything pertaining to rockhounding, such as books, tools, etc. would be appreciated! The more variety we have, the better the participation and buyer gratification. Please label the specimens donated, if possible, with the name of the material and where it was discovered. Thanks!

CLUB OFFICER INTRODUCTIONS

BOB BOYD – CLUB LIAISON

I was introduced to rockhounding in junior high school by an older rockhound who befriended our family. We took weekend camping trips to the S. Cal. desert and picked up interesting rocks. After I started college and moved to far Northern CA, I pretty much dropped the hobby except for collecting agates on Pacific Northwest beaches.

For about 40 years I worked in the banking industry (credit union) in various capacities. Eventually the 'rock bug' was rekindled and I got involved with a local Gem & Mineral Club in various ways, and 'hounded' many areas in the West, primarily Oregon and Utah. After retiring a little over three years ago, my wife and I fled California and have very much enjoyed our new home State, especially since there are so many places to find cool rocks!

Bob Boyd, CLub Liaison

Sunshine Lady

If you know of someone that is having surgery, has had a major trauma, is seriously ill or has lost a close loved one, please let me know so that I can send a card from the club.

Remember to stay up to date by reading your PGMC Newsletter plus the Newsletters from the AFMS (American Federation of Mineralogic Society) and the RMFMS (Rocky Mountain Federation of Mineralogic Societies)

Gail Walker - 928-277-0068 or gawalkeraz51@gmail.com

Up-Coming PGMC PROGRAMS

March: Clarence and Denise Blankinship on Working underground in a Michigan Copper Mine

MARCH 2021

AND DON'T FORGET ABOUT THE CLUB WEB PAGE

WWW.PRESCOTTGEM MINERAL.ORG

If you have any photos you think would be good for the club website (Field Trips, Special Meetings, Workshop, etc.) email them to either Colleen Walthew - cwalthew1@msn.com or Gail Walker - gawalkeraz@cableone.net

WORKSHOP HOURS and ADDRESS

Until further notice, we will continue with "by request" hours and training.

The process for requesting will continue as follows:

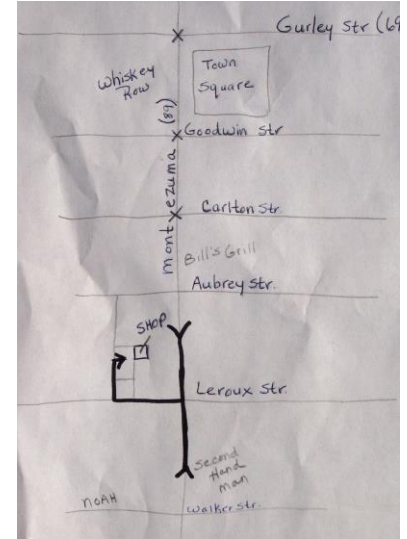

Please email or call Steve Dudar stevedudar@hotmail.com or 201 873-

9645 for a shop time reservation.

I will do my best to accommodate all requests.

Thanks,

Steve Dudar

FIELD TRIP REPORT

Some of the specimens collected on the last field trip have been found to fluoresce under short wave UV light. Member David Eagle will be bringing his Superbright 2000SW light to the next meeting on March 6th. If you have specimens from that field trip that and would like to see if they fluoresce bring them to the meeting.

The trip on Saturday, February 20, to the abandoned iron mine on Williamson Valley Rd. was a real success! The beautiful weather I ordered arrived on time, though high winds did kick in about the time we left around noon. We had 17 participants, and everyone found specimens of crystalline iron ore, bluish iron ore with a druzy-like texture, and some lovely calcite, which is fluorescent. One lucky rockhound found some botryoidal hematite!

Our March trip is going to be a good one! There will be plenty to find, for both specimen collectors and lapidary folks. We will be going to a collection site (two separate ones close to each other), where we will collect jasper, much of it multi-colored, some agate, but best of all, lavender colored druzy and botryoidal chalcedony. One site is very near the road, which

MARCH 2021

is Fossil Creek Rd., and the other site requires a 15 to 20 minute hike, crossing a ravine and up a hillside to where goodies have weathered out from under basalt outcrops.

YOU MUST BE A PAID-UP MEMBER TO GO ON ANY FIELD TRIP, AND HAVE A PGMC STICKER ON YOUR VEHICLE REAR WINDOW!

Vice President of Field Trips – Mark Wenden

THE PREZ SEZ!!

Hello Rock Hounds!

GREAT things are happening in your Club! Fantastic Field Trips, Super Speakers, NEW T-shirts and Ball Caps! Redesigned Rack cards, combining show and membership information on ONE card saves money and distribution efforts. Melanie and I are committing to the SHOW happening this year, WITH the help of you, our precious and wonderful volunteers.

Membership will be done by Cris (Mary) Trout-- please welcome her and her husband assistant, Bob. A huge thank you to Corrina Rowe, we are sincerely appreciative of your efforts. A gentle reminder that, if your dues are NOT PAID, you will be dropped from Club newsletters and activities- so, do not miss out. Pay your dues today or send your check to the P.O. Box. Positive changes are happening in your Club as we move forward this year, and regain traction lost due to Covid. Please seek me out if you have well thought out ideas for your Club that you would suggest: I am listening. March Silent Auction is right around the corner, and you will not want to miss that! ENTHUSIASM is right here in your Club, it IS contagious, come get some, it's free! See you Saturday March 6 at the Moose Lodge, 9:30 A.M.

Jim Turner - President

Note: I would like to remind everyone that when the Presentation portion of our meeting is over, it is still necessary to Adjourn the meeting. I would like to ask that everyone remain seated until the meeting has been Adjourned. It would make it easier for the Secretary who is trying to hear who makes the motion to adjourn and who seconds for the minutes. Thank you for your consideration!

MARCH 2021

Prescott Gem and Mineral Club February 6th, 2021 - General Meeting Minutes

Meeting Location: Moose Lodge, 6501 East 6th Street, Prescott Valley, AZ 86314 Board Members in attendance: Jim Turner, Wayne Augusto, Mark Wenden, Bob Boyd, David Eagle, Melanie Capps, Colleen Walthew and Denise Blankinship. Not in attendance: Carolyn Johnson

Meeting called to order by President Jim Turner at 9:31 am with the Pledge of Allegiance. ANNOUNCEMENTS President Jim Turner and Colleen Walthew presented Melanie Capps with a Club Award thanking her for all of her contributions to the Club, in particular for her support in organizing our annual Gem Show. Includes a Life-time Membership to the Club. Dee Budde gifted the club with magazines, amethyst, slabs and petrified wood for Show raffle items. Thank you Dee! Kathy Myers offers classes at her house. Free to all members. Includes Wire Wrapping, Beading and Silver Smithing. Materials available for fee.

The Mingus Club Clarkdale Show has been cancelled.

Max Hatch, who specializes in exquisite channel inlay work, informed us that his workshop was broken into and a number of his pieces were stolen. Please contact Max if you see any of his work for sale, especially if it is for a price too good to be true.

REPORTS Treasurer Report, Carolyn Johnson - Submitted by Denise Blankinship - Financial report provided and will be filed. - 2020 Financial Audit Report provided and will be filed.

Programs Update, Wayne Augusto. - Today George and Sharon Lane will present: Stromatolites - March: Clarence and Denise Blankinship will present: Working underground in the White Pine Copper Mine - See newsletter for future speakers. - NOTE: Please contact Wayne with any Speaker or Program recommendations.

Field Trip Update, Mark Wenden - February's trip will be to the Williamson Valley for native iron with crystalline and calcite. Samples for display only. A detailed email will be provided the week Feb 15th for the Saturday, Feb 20th Field Trip.

Club Liaison Report, Bob Boyd - Marlene Sullivan donated a box of Soapstone samples to the Club. Soapstone is used for stone carving. Thank you Marlene! –

Club rack cards were distributed.

The RMFMS / AFMS annual conference will be held in June 17th - 20th in Big Piney, WY. Typically there are daily field trips and other activities. Per Colleen, if you are planning on attending the conference please consider being a Club delegate. If interested, please contact either Jim Turner or Colleen Walthew.

Jodi Brewster is retiring from her RMFMS AZ/NV State Director position. If anyone is interested in the position, please contact Bob Boyd for Jodi's contact information.

Membership Report, Corinna Rowe - Today's Attendance: 37 members (Quorum established) including 2 new members and 2 guests.

Volunteers needed to support the Membership Desk. Please consider helping your Club and step-up! - NOTE: Membership payments are accepted at Club meetings. Otherwise, please pay for dues via a check, mailed to the Club's PO Box. - NOTE: To have a Club name badge ordered, please see Membership. Magnetic badges are the default. If needed, badges with a pin backing can be ordered.

Past President Report, Colleen Walthew - Nothing to report at this time.

Independent Director Report, David Eagle - Transition into the position is in progress.

Show Chairperson Report, Melanie Capps - Nothing to report until Advertising activities are potentially restarted in March. - Question: What was the Vender survey feedback? Response: All vendors have responded that they will attend the Show if it is held.

Workshop Manager Report, Steve Dudar - Shop Activity: 16 active hours with numerous slab cutting requests. - Question: Any plans for new equipment? Yes, new cabbing machine has been acquired. Considering getting a Flat Lap. - NOTE: Access to the Workshop is scheduled by appointment only. A 3-hour training session is required prior to using shop facilities. Please see the PGMC Newsletter for scheduling information. - NOTE: Please donate jewelry cardboard boxes for use in storing rock specimens.

OLD BUSINESS - January General Meeting Minutes approved as written. (Gail Walker motions, Mike Rowe seconds and the Club approved the motion)

NEW BUSINESS T-shirt / Hat Inventory: - Reviewing bids for ordering 140 shirts and 30 hats. Special Orders will be required for size 3XL, pocketed and long-sleeve shirts. There will be approximately an \$1800 cost to restock inventory. - Question: What is the profit margin for the Club? Per Colleen, historically the Club makes approximately .50 per t-shirt. Question: Max recalled that at one point all Show vendors were given either a t-shirt or hat with requests to wear at other shows. This is

MARCH 2021

something we may want to consider doing again. Jim Turner added that we may also want to sell Club apparel at this year's Gem Show. - Jim Turner recommends that the Club approve spending approximately \$1800 to restock Club apparel. (Corinna Rowe motions, Colleen Walthew seconds and the Club approved the motion)
Meeting Break at 10:15 am. (Sheldon Edelman motions, Heidi Augusto seconds) Meeting Resumes at 10:31 am.
Program: George and Sharon Lane will present: "Stromatolites".
Meeting adjourned at 11:10 am. (Mike Rowe motions, Denise Blankinship seconds) Raffle: Held.

Submitted by Denise Blankinship, Secretary

. Prescott Gem and Mineral Club – February 15th, 2021 - BOD Meeting Minutes

Meeting Location: Moose Lodge, 6501 E 6th St, Prescott Valley, AZ 86314 Board Members in attendance: Jim Turner, Wayne Augusto, Melanie Capps, Colleen Walthew and Denise Blankinship Not in attendance: Carolyn Johnson, Bob Boyd
Meeting called to order at 5:00 pm

January Board Meeting Minutes approved as written. (David Eagle motions, Mark Wenden seconds, Board approves)
Programs Report, Wayne Augusto - March: Clarence and Denise Blankinship on "Working underground at the White Pine Copper Mine" - April: Jodi Brewster on "RMFMS Meet and Greet" - May: Bob Boyd on "Aging Rocks"
Treasurer Report, Carolyn Johnson (provided by Jim Turner) - Update provided and will be filed. Field Trip Report, Mark Wenden - February: Williamson Valley in search of an abandoned iron mine. Mining faces and tailing heaps to find native iron deposits with crystalline and/or calcite deposits. Wonderful mineral specimens. - March: Fossil Creek Rd in search of Agate and Jasper with the potential of Druzy's. - April: Two night trip to Kanab, UT for Septarian Nodules, Agates and Petrified Wood.

Club Liaison Report, Bob Boyd (provided by Jim Turner) - Chambers of Commerce has updated Club contact information with Bob's information. We recently had a number of inquiries through the Chamber.

Independent Director Report, David Eagle - Nothing to report at this time.

Show Report, Melanie Capps - Investigating Rack and Club Cards Ad pricing options for potentially combining into a single two-sided card, one side for the Club and another for the Show. - Per Colleen, recommends that we ask Club members to announce the Show on their individual FaceBook page(s). In addition, Jim Turner and Mark Wenden are visiting other Gem / Mineral Clubs and will provide Show information. - Continues to wait until March 15th Club Board Meeting to submit advertising.

Past President Report, Colleen Walthew - Nothing to report at this time.

OLD BUSINESS / NEW BUSINESS / ANNOUNCEMENTS / QUESTIONS T-shirt / Hat Stock: Given the General Meeting's approval to re-order apparel stock with the \$1,800 limit, Colleen Walthew makes a motion to submit the order from T-Shirt Antics. (David Eagle seconds and the Board approves)

Meeting adjourned at 6:15 pm. (Colleen Walthew motions, Wayne Augusto seconds and the Board approves)

Submitted by Denise Blankinship, Secretary
