**PGMC sends out a huge welcome to all of our new members!!
Here's to many more years of continued rock hounding!!**

A MESSAGE FROM ONE OF OUR MEMBERS!

Now that's it starting to getting a little warmer, it might be a good time to take one of my classes in beading, wire wrapping, and silversmithing. I am always up for a challenge. I do not charge for any of my classes, just ask that you reimburse me the cost of any of my supplies that you may use. So, if you're looking for something to do that does make you break a sweat, give me a call.

928-533-4689

Thanks, Kathy

A WORD OR THREE FROM OUR SHOW CHAIR

Been busy getting the show organized. I want to thank everyone that stepped up to the plate and signed up to volunteer on working the show. Honestly, we would not have been able to do it this year without your help. But if you haven't signed up to help at the show don't despair, there is still time. Send me an email and I'll tell you where we need some more bodies.

I'll be reporting the totals at the September meeting. A BIG THANK YOU !!! for your help

FIELD TRIP REPORT

Greetings Rockhounds!

Our September field trip will take place on Saturday, September 18.

We will meet at 8:00 a.m in the parking lot of the Burger King at the junction of I-17 at Rte 260 E. After signing in and distributing radios, we will leave promptly at 8:30 a.m.

Where we are going:

We will take Rte 260 to Rte 87 South, through Strawberry and Pine, to Houston Mesa Rd (north of Payson). then turning off onto Pyeatt Draw Rd. This will take us to a stretch of Ellison Creek where we can collect agate of various colors, red and yellow jasper, nodules (called geodes, but not really), and fossils in the limestone. We will park in a cleared, flat area less than 100 yards from the collection site. We can explore upstream and downstream, as this whole stretch of Ellison Creek is known for agate, jasper, nodules, and fossils.

Pyeatt Draw Rd. is dirt and rock and is pretty rough in places. High clearance is needed, 4WD not required, but a good idea especially if it has rained.

What to bring:

Geologist's hammer, bucket or backpack, water, sun hat, trekking stick, and GOOD BOOTS. We will be walking over river rock, and it is easy to turn an ankle. There is no cactus to deal with, so short sleeves and light pants are OK. If you want to collect nodules, you may want to bring a shovel or mattock, as they are often found in the soil of the creek banks in this area.

Bringing a lunch is suggested, since one-way travel time from Prescott to the collection site is about 2 1/2 hours, and we will not be near any stores or restaurants.

VP, Field Trip Leader

YOU MUST BE A PAID-UP MEMBER TO GO ON ANY FIELD TRIP, AND HAVE A PGMC STICKER ON YOUR VEHICLE REAR WINDOW!

PRESIDENTIAL MESSAGE

First off, I want to thank the Board of Directors for placing their collective trust in me to take over the Presidency of the PGMC. I hope I can live up to all of your expectations.

Secondly, I wish to thank Jim Turner for the last 6 months of leadership. The club appreciates your work to make us better than ever and hopes you will continue to work for PGMC in some less stressful capacity.

And lastly, I want to thank all of the members who once again have shown what this club is all about. Those who have stepped up again and again to work to put on our annual show and sale I Thank You. To all who have volunteered to work at the show, I thank you. I know this sounds like a broken record, but without the work of the volunteers this show, or any other for that matter, would never happen. FYI Set up starts at 8:00AM Thursday and the more hands the faster we can get done. Plus you'll get a free pizza lunch and free admission to the show!

To those who have not stepped up yet, do not despair. Come on down to the event center and I sure we can find someplace to put your talents to good use.

Hope to see you all at our show!

Maggi Lieber
Interim President

Note: I would like to remind everyone that when the Presentation portion of our meeting is over, it is still necessary to Adjourn the meeting. I would like to ask that everyone remain seated until the meeting has been Adjourned. It would make it easier for the Secretary who is trying to hear who makes the motion to adjourn and who seconds for the minutes. Thank you for your consideration!
